NO. 253.

MAYOR U.S. WRIGHT SEEKS RE-ELECTION

ANNOUNCEMENT MADE LATE THIS
AFTERNOON.

WANTS TO VINDICATE HIS FINANCE POSITION

Willing to Donate Salary Also to Keep
Maryville Dry—Formal State-
ment to Citizens.

Mayor U. S. Wright announced himself late this afternoon as a candidate for re-election to the office of mayor of Maryville. The decision was made after a final council with a number of advisers who had been urging him to make the race.

Mr. Wright has insisted from the beginning that he did not want the place again. He has made every effort possible to get another man to make the race. Failing in that, he has announced himself a candidate against A. S. Robey. The indications are now that a warm campaign, although short, will be waged until the city election, April 4.

A hint is made in the last paragraph of Mr. Wright's announcement of the line along which the campaign will be waged. It is said by some friends that Mr. Wright will make a proposition, if elected, to give his salary into a fund to be handled by a commission to pay rewards for conviction of violations of the local option law.

Mr. Wright has already done this in paying more than \$100 out for the conviction of the gamblers recently. This money was paid from Mr. Wright's own pocketbook, and not from the city's funds. The mayor's statement of his candidacy follows:

To the People of Maryville: I hereby announce myself as a candidate for re-election. I did not want to get into the race, but circumstances forced me. I promised two years ago that if elected I would use every means at my command to make Maryville dry.

I never forgot that promise. And the results on February 3, 1916, were a great joy to me. I have opposed every unnecessary item of expense and to vindicate my position, I shall make this appeal to you. I want to prove to you Maryville can exist without the highest licensed saloons in the world. I want to prove to you that the "blind pig" and the bootlegger can be kept out of Maryville.

I propose to donate my entire salary for the next two years if necessary to prove it. Am I entitled to your consideration? Your verdict is mine.

WITH 6,000 PEOPLE

NO, NOT THAT MANY PERSONS
EITHER, BUT ALMOST.

SAID OF SENIOR CIRCUS

Press Agent Has Hard Time Being
Temperate, But at Least Many
Are in It.

That press agent stuff about Senior Bros. circus printed last night would have one believing that the company carried 3,000 people and twenty elephants. They really don't have any such an array but speaking comparatively lots of persons, young, middle aged, old, wise, foolish and medium are going to take part tonight.

Just take this list in the Russian ballet for instance: Edna Younger, Edith Callahan, Nelle Prussman, Marjorie Wilfley, Katherine Carpenter, Willie Cosine, Lavina Robertson, Blanche Daise, Thelma Roberts, Irene Kemp, Jeanette Mutz, Ruth Harrington, Iva Barnes, Willa Waller, Erma Costello, Vida Heflin and Ruth Reulard.

Almost as large a bunch are in the faculty show but the publicity man, working under orders from Walter Hanson who has charge, refuses to give out any names. But the mere announcement that none but members of the faculty would take part in the following stunts ought to jam the doors.

Jarley wax works, greatest collections of antiques in the world, direct from Paris, fantastic impersonations. Among the impersonations are listed the following: Fat apple lady, Jennie Lind, Vernon Castle and wife, policeman, Pavlova, Marionettes, dentist, boy, colored plantation songs, clown, Charley Chaplin.

To Repeat Jitney Elopement.

The "Jitney Elopement" which was given sometime ago at a Normal stunt making such a "hit," will be given during the circus tonight in the corridors and rooms of the State Normal school. Among those taking parts in this are Hazel Wallace, Verne Pickens, Joe Farmer, Joe Lukens, William Utter, Edna Dietz, Willa Waller, Jesse Ewing. This group will also have charge of vaudeville in the west gymnasium. Henry Miller is in charge of the "sell" room. Miss Beatrice Winn is in charge of the fortune telling booths. A negro minstrel will give two 20-minute performances in the assembly of the training school.

The "end men" in the minstrel will be Ed Goodspeed, Clarence Cook, Morris Fitzgerald, Fred Lewis and "Dots" Miller. The scene will be laid in a restaurant of which Charles McReynolds is proprietor and Miss Lucile Holmes is cashier. Vernon Nash will be interlocutor. Many solos, trios and other novelties with all the old and new "nigger" jokes will be "pulled."

Among the serious-minded and worth while attractions with some fun attached are the domestic science exhibits under Miss Hettie Anthony, the Merry-go-round under Miss Gustin, the auction under William Utter and the refreshment booth in charge of E. R. Livengood.

The funds derived from the circus will be applied upon the class gift or senior memorial to be given to the Normal by the graduating class this year.

HAY BILL PASSES AT ASQUITH AGAIN

ONLY TWO IN HOUSE VOTED
AGAINST MEASURE.

"SMALL ARMY" VICTORY

Kahn Amendment Providing for In-
crease if Necessary Lost by
Twenty-Two Votes.

Special to The Democrat-Forum.

Washington, March 23.—With even the pacifists voting for it, the Hay Army Reorganization Bill—the big end of the preparedness program as far as it touches the land forces of the nation—passed the House late this afternoon by a vote of 402 to 2. The two members who voted in the negative were Representative Meyer London, the lone Socialist member, and Representative Britton of Illinois. Britton was disgusted with the bill because it did not provide a more adequate army.

The passage of the Hay Bill was unquestionably a victory for the "small army" members and an outcome of the anti-preparedness sentiment of the House, for, immediately before the bill was put on final passage, the House again, on roll call, defeated the Kahn amendment by a vote of 213 to 191. The Kahn amendment authorized the President, if he deemed it necessary, to add eighty thousand additional men to the army at once and get them under training in addition to the four annual installments of ten thousand men each, which the Hay Bill adds to the regular army.

What the Hay Bill Provides.

The immediate increase of the regular army to a peace strength of 140,000, exclusive of officers, hospital and quartermaster corps and unassigned recruits.

The federalization of the national guard; building it up to force of 425,000 men in five years.

An officers' reserve corps of fifty An industrial reserve, including the mobilization of expert civilian mechanics, chauffeurs, telegraph and wireless operators and others.

New recruiting system for both regular army and national guard. Summer training camps.

Another Preacher Gets Car.

Rev. O. L. Sample, pastor of the Methodist church, is a late recruit to the motor ranks, buying a Maxwell car in St. Joseph Monday and driving it home the following day. Like other enthusiasts, Mr. Sample will now have a place for his spare time—and change—and will find his car very convenient in his work.—Burlington Junction Post.

CRISIS USED BY FOES

Heavy Cannonading in North Sea Last
Night Indicates Naval Battle
There.

Special to The Democrat-Forum.

London, March 24.—For the second time since the outbreak of the war, the political enemies of Asquith are trying to overthrow the cabinet. Taking advantage of the critical situation brought about by the movement to compel the enlistment of married men, the foes of the premier are making strong attacks.

All the newspapers have commented at length on the crisis which they say cannot be avoided.

Naval Battle Indicated.

Amsterdam, March 24.—Heavy cannonading indicated that a naval battle is in progress off Ostend and West-end in the North sea last night.

Roumania Will Enter Soon.

Rome, March 24.—It was learned from a high authority today that Roumania has consented to enter the war on the side of the allies as soon as the entente forces in the Balkans open their offensive against the Germans and Bulgarians.

on Way to School in Graham
This Morning.

Oliver McNeal, Jr., son of Mr. and Mrs. Oliver McNeal, Sr., living near Graham, was seriously injured this morning while on his way to school in Graham.

The horse he was riding became unmanageable and started to run away, and slipped on a crossing and fell on the McNeal boy in such a manner as to break his left leg. He received several severe bruises about his shoulders and head, and a deep gash was cut over one eye.

He was taken to Dr. Morgan's office and later taken to the office of Dr. Findley. Dr. Vilas Martin was called from Maryville and set the fracture. Mr. and Mrs. McNeal took him home this afternoon.

Will Speak at New Methodist
Church Sunday at 11 A. M.

Three young men representing the Union of Young People's Societies will go to Wilcox Sunday morning to speak in the new Methodist church there at 11 o'clock. The meeting has been arranged by the pastor, the Rev. G. T. Rolston of Barnard. "What the Church is Seeking From Its Young People" will be the general subject of the service.

Philip Colbert, president of the Young People's club of the Presbyterian church, will speak upon the subject, "An Educated Young People." Edward W. Gray, chairman of the evangelistic committee of the union, will discuss "A Consecrated Young People." "A Missionary Young People" will be the sub-topic of Vernon Nash.

WATCH ROAD DRAGGING

SERIOUS WRECK CAUSED BY LACK
OF CARE.

Wheel Flange "Climbs" Rail at Cross-
ing When Earth Fills Spaces
Just Inside Rails.

The following letter to the presiding judge of the Nodaway county court is of particular interest to those dragging roads:

Creston, March 21, 1916.—Mr. Wm. Blackford, Maryville, Mo: Dear Sir—Recently a very serious accident or derailment occurred on one of our railroads on account of a road dragging outfit operating machine and dragging dirt over the public crossing and filling in flangeway between rail and planks to such an extent that the wheels climbed the rail and resulted in a serious accident, as this condition was not discovered by section foreman before the arrival of this train.

Therefore, as a matter of safety, would appreciate very much if you would arrange with those who are doing this work that they carry a shovel with them and remove this dirt from the flangeway or try and arrange some way to move the drag over the crossing without dragging dirt on the planking.

We wish to co-operate with you in every way possible for good crossings and safe highways, and if you have in mind any conditions which are unsafe or any of our crossings which are in need of repairs, would be glad to co-operate with you to bring about better conditions.

Thanking you for the interest you have taken in this matter, I am,
Yours truly,

BORDER CITIZENS WANT PROTECTION

SHARP DEBATE IN SENATE OVER
TELEGRAMS.

BATTLE ON BETWEEN U. S. AND VILLA TODAY

All Reports Indicate Engagement Be-
gan at Dawn Five Miles East
of Nampiquipe.

Washington, March 24.—Senator Henry F. Ashurst received a telegram this morning from one of the prominent citizens of Douglas, Ariz., that residents of that city are living in hourly dread of a repetition of the Columbus massacre.

The message says that a Mexican general with 3,000 cavalry and some artillery is within ten blocks of the heart of the city, but across the border.

The National Guard will not be called upon to aid in the Mexican expedition at present at least. This was made plain today by Secretary of War Baker. The secretary also gave orders to move on battalion of infantry from the barracks at Vancouver to El Centro, Cal., to guard the border there.

Debate Broke Out Afresh.
The whole debate over the Mexican situation broke out again in the senate today. It was brought about by the reading of the telegrams from citizens along the border who urged that more troops be sent at once.

Senator Stone, chairman of the foreign relations committee, said that it was known to be a fact that sinister influences were at work in the United States and Mexico to provoke intervention. A sharp tilt ensued between Stone and Borah.

"Few Revolutions in Mexico."
Queerteraro, March 24.—Minister of War Obregon issued a statement for the Carranza government today in which he declares that with the exception of the Zapatistas there are no organized forces in Mexico opposed to the defacto government. He added that the few bands of bandits are being rapidly destroyed.

Claims Railroad Was Used.
El Paso, March 24.—General Pershing used the Mexican Northwestern railroad last Sunday to transport troops that outflanked Villa, according to J. C. Robinson, who arrived here today from Casas Grandes.

May Put Duty on Provisions.
El Paso, March 24.—A report that Mexico might place a duty on all army provisions carried across the border prevailed here today. The Mexican railroads have not been given over for the transportation of troops and munitions.

Villa Has Fine Location.
El Paso, March 24.—Couriers brought a report to Juarez today that the American troops have engaged Villa's forces five miles east of Nampiquipe. He said that the scene of the battle was the Elizo ranch.

The courier's report confirms the statement of Gavira that the bandit leader is surrounded by Americans and Carranzistas, and that a general attack would be made on his position at dawn. He said that Villa had selected a fine position in which to give battle.

Herrera is Loyal to Carranza.
American Consul Letcher, at Chihuahua has notified the state department that the troops of Carranza are all there and that General Herrera is loyal. This report relieves the tension in both military and civilian circles, but there will be no relaxing of the precautions being taken to prevent the attacks upon border towns.

The celebration of the centennial of the death of Francis Asbury, first bishop of American Methodism, will be observed by the First Methodist church here Sunday morning. The Rev. G. S. Cox will speak upon the life and influence of the great church man.

observed by St. Joseph churches last Sunday because it was possible to have two bishops there at that time, one from each church.

A most profound influence over the American nation in the trying hours of the revolution and the war of 1812 was wielded by the great bishop, and a movement is well under way among all Methodist churches in America to erect a bronze statue of the bishop in Washington.

At the morning service of the Main street church here, the choir will sing Watts' anthem, "The Lord is My Shepherd," and a solo will be given, MacDermid's "Arise, Shine for Thy Light is Come."

BRUCE JOHNSON NOT ARRESTED.

The Democrat-Forum is glad to be able to make a correction today. Bruce Johnson of Maryville has not been arrested for bootlegging in Iowa. He says that he has not been in Conway for more than a year. Our information came from a reliable source yesterday that such a name was on the court docket at Bedford. Mr. Johnson says that someone has given his name once before when arrested. This paper is sorry that the error was given publicity, and in this manner seeks to rectify it.

LARGE AND SMALL SCHOOLS

Knabb Has Three Enrolled, While Mt. Tabor and Blackman Are Tied for Highest With 38.

With the approach of the close of the rural schools, interest is turning to the size of the various ones. This cannot be exactly determined until the attendance reports of the teachers for the year shall be received by the county superintendent, Bert Cooper.

Knabb school will probably have the smallest, however, as its enrollment has been three. Miss Willa Whitehead is teacher. Blackman school and Mt. Tabor are tied for the high honors with an enrollment of thirty-eight. Miss Margaret Hopper is teacher at Black-

man and Miss Laura Walton at Mt. Tabor.

Mrs. C. D. Koch and daughter, Miss Martha, left this morning for St. Joseph, where they will spend the week-end with relatives.

BARNARD AND THE DIAMOND

Bulletin Tells How Many Men Turned
Loose \$1 Bills on Lottery
Chance.

One day last week a young lady stepped off of a south bound train and proceeded to gather in the "chink" from some of Barnard's people.

She was selling chances on a diamond, which she carried, the chances ranging in price from one cent to one dollar. She persuaded quite a number of men to believe that she was getting rid of the ring to support her aged mother. Of course, such circumstances appealed to the tender-hearted, sympathetic men, and more of them took chances on the ring. But the poor men must have been unfortunate for they all drew large numbers (\$1.00), and when the lady left she carried away quite a wad of Barnard money. Who will get the diamond?

In the evening when the Maryville papers arrived, we all saw in black headlines, "Helen Fowler Fined \$7.20 for Lottery." So if Miss Fowler had poor luck in Maryville, she made up for it in Barnard, and undoubtedly one of those \$1.00 chances will win the ring. Who'll get it?—Barnard Bulletin.

Miss Besse Scott is in Stanberry, where she is directing a home talent play, which will be given there in the near future.

WHY FAMOUS PASTRY COOKS USE KC BAKING POWDER

The patrons of our first class hotels and restaurants are exacting—they demand the best. Women go where the pastry and cakes are noted for their excellence. Men are attracted by hot bread and biscuits—when fresh and moist and light.

The pastry cook with a reputation uses K C Baking Powder because he knows that results are certain; every time everything is as good as his best.

Then, too, with K C Baking Powder he can mix the various kinds of batter before the rush of the meal begins and bake as needed so that every order goes to the table fresh and hot, yet the last he bakes are just as good as the first.

The reasons behind these reasons is that K C is really a blend of two baking powders. One commences to give off leavening gas as soon as moistened. The other requires both moisture and heat to make it active. Dough or batter will remain in a partially leavened condition for hours, and when put in the oven, will come up as light as if mixed a moment before.

For cookies, pancakes, doughnuts and the like, which cannot all be baked at once, K C is indispensable. For all baking the doubleraise makes doubly certain.

Follow the example of the professional cook and your baking will be equal to his.

TOO GOOD TO BE TRUE.

Every Foot of Road on Rural Route is Dragged.

Denver Flores, carrier on route No. 1 out of Hopkins, called at the Journal office one day last week to report that every foot of the roads on his route had been dragged and put in fine shape by his patrons. He travels a distance of more than twenty miles, and it speaks well for the patrons to have the roads in such good condition.

But road improvement seems to be in the air, and it is getting hard to find bad roads any more. A farmer who allows the roads running past his farm to remain rough on account of not using the drag, is not very well thought of in this day and age of the world.—Hopkins Journal.

St. Louis Mothers Agree With Those Of Kansas City And St. Jo.

Children's Colds, They Say, Should Be Treated Externally—Internal Medicines Are Harmful.

In our previous advertisements we have published letters from mothers in Kansas City, St. Jo., Joplin, Springfield and other Missouri cities. These ladies agree that internal medicines injure the delicate stomachs of the little folks, and they recommend the use of the external treatment—Vap-O-Rub. From a large number of letters from St. Louis women we will give just a few extracts.

Mrs. K. Petranich, 2900 Park Ave., writes—"Last winter when I had a bad cold I applied Vap-O-Rub over my chest and throat covering with a warm flannel cloth. I had almost instant relief, and believe it better than internal medicines for cold troubles."

Mrs. S. J. Wolf, 2341 Dodier St., says—"I used Vick's Vap-O-Rub on my baby who had bronchitis. I applied it over his chest, following directions, and the next morning he breathed easier."

Mrs. M. Hickman, 4020a Laclede Ave., says—"I have given Vick's Vap-O-Rub to my children for years."

He bought by Mr. Wilson is a fine herd bull, a half-brother to Morris Fairfax, the animal they lost some time ago. Three cows with calves at side make up the rest of the purchase. The cattle are expected here the last of the week.—Burlington Junction Post.

"Uncle Matt" Whiteford Better.

Matt Whiteford of Guilford, who has been confined to his home all winter, is better and hopes to get downtown in the near future. "Uncle Matt" is 82 years old. Mrs. Whiteford is 77 years old and has also been in poor health this winter, but is better.

O-Rub a thorough trial for headache, cold in the head and chest, cuts and burns and find it without an equal." Mrs. W. J. Himmelberg, 630 Lynch St., writes—"I recommend Vap-O-Rub to all mothers with small children. I tried it on my children for colds, sore throat, tonsillitis, and burns, and it certainly gave us great results."

Mrs. J. T. Shepard, 4221a No. 9th Street, writes—"My husband had a very sore throat, as he has had several times before, and always hitherto he has had to have it lanced; but this time he used Vap-O-Rub and was cured without any trouble."

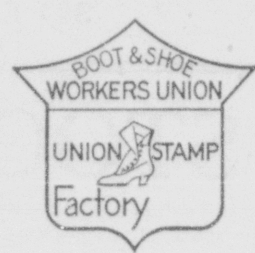

Vick's comes in salve form and when applied over the throat and chest the body heat releases the ingredients in the form of vapors. All night long these vapors are inhaled with every breath through the air passages to the lungs, loosening the phlegm and taking out the tightness and soreness. You will find it quicker than internal medicines, and it can be used freely with perfect safety on the smallest child. Three sizes, 25c, 50c or \$1.00. At all druggists.

Wire Will Cost You More in the Future.

On account of the general rise in manufacturing materials, dealers will in the future be forced to sell wire at a considerably higher price.

By buying on a low market in December we obtained our wire and other material in this line at a price which is now considerably under the market quotation. It is a correct statement when we say that we are now selling wire at a lower price than the actual wholesale quotations.

Shortly we will be forced to raise our prices on wire material and those are intending to use it in fencing or other work must buy now if they want unusually low quotations for this season.

Note—On and after April 1st, we will be compelled to advance prices on all American Steel and Wire products

This information is for the benefit of
wire buyers and is absolutely correct in every

STUDENTS FAVOR WILSON

Interesting Poll Taken at University of Missouri in History Classes—Republicans for Roosevelt.

Students in American history classes under Prof. F. F. Stephens in the University of Missouri at Columbia favor Woodrow Wilson for the next President of the United States. In a recent straw vote of sixty-seven students, the canvass showed Wilson to be by far the most popular.

The results were—choice for President, regardless of political party: Wilson 52, Roosevelt 6, Root 4, Hughes 3, Hadley 1, Johnson 1. Choice of Democratic candidates—Wilson 63, Bryan 3, Clark 1. Choice of Republican candidates—Roosevelt 15, Hughes 14, Root 10, Taft 5, Johnson 2, Hadley 1, miscellaneous 4, no choice 12.

A straw vote was also taken on the question of the number of terms a

president should serve. There were 29 opposing more than two terms, 63 favored a single term; 63 favored more than one term. Some of the ballots which opposed a second term of office favored Wilson for president.

Wreck in Senior Circus.

Just before reaching town, Miss Anthony's airship, containing the home nursing department of the Senior Bros.' circus must have collided with a balloon of some kind, as the members of that company are today wearing bandages.

We noticed one with a bandaged foot and carrying a crutch; some with bandaged jaws, which should have been tied up long ago; others with arms in slings, which we presume are, or have been, out of place; and a few who look somewhat sickly, cause unknown. They made quite an impression upon the rest of the students as they slowly, one by one, hobbled about the halls of the Normal.
